# NEPHROLOGY

**AUGUST 5–9, 2019 • BOSTON, MA**

**The 2019 Clinical Update and Board Review**

Over 70 interactive lectures, case discussions, and board preparation sessions led by the foremost authorities in:

- Electrolyte and Acid Base Disorders
- Glomerulonephritis
- Acute Kidney Injury
- Chronic Kidney Disease
- Genetic Kidney Disease
- Vascular Disease
- Hypertension
- End-Stage Renal Disease
- Transplantation
- Kidney Stones
- Malignancy-Associated Kidney Disease
- Pregnancy and Renal Disease
- Anemia in Chronic Renal Disease
- Pediatric Nephrology for the Adult Nephrologist
- Cardiorenal and Hepatorenal Syndromes

Accelerated learning for

# HARVARD MEDICAL SCHOOL

Dear Colleague,

Incorporating recent advances in renal medicine into our day-to-day practice helps us provide optimal patient care and improve patient outcomes. The challenge for clinicians is that the amount of new information can be overwhelming, and determining what is relevant and important cannot always be readily ascertained.

**Intensive Review of Nephrology** synthesizes this information and presents it efficiently and effectively to ensure you are current with state-of-the-art practices and the best ways to apply them to the diagnosis and treatment of your patients.

For those of you who are preparing to certify or recertify, we complement this education with board examination preparation.

This outcomes-driven education is comprehensive and practical. You can participate in over 70 clinical updates, case discussions, and board preparation sessions. Sessions span all areas of nephrology and are led by nationally renowned speakers who are experts in their respective fields.

In the course of a week, you get an accelerated learning experience that is impactful and inspiring. You also have ample opportunity to pose your specific questions and to develop long-lasting professional relationships with our distinguished faculty.

Year after year, attendees report the experience to be “game changing” — invaluable to their clinical practice improvement and exam preparation efforts.

We draw a national and international audience of clinicians and trainees. My fellow course directors and I hope you will join us for this rewarding educational experience.

# Intensive Review of Nephrology

## State-of-the-Art, Outcomes-Driven Education for:

**CLINICIANS** seeking a practical and comprehensive review that ensures they are up to date across all major fields of Nephrology, including:

- The latest options for diagnosis: what to choose, when, and why
- Current, evidence-based treatment and care management strategies to optimize patient outcomes
- Improved approaches to common and complex clinical challenges
- Navigating clinical controversies
- How to avoid medical mistakes

**PHYSICIANS** who are preparing to certify or recertify and are seeking a thorough, proven preparatory course in advance of their taking the Nephrology ABIM board exam. Preparation includes:

- Daily board review questions and sessions
- Sessions to guide efficient preparation and study
- Comprehensive syllabus and home study guide
- Test-taking strategies and skills development

# INTENSIVE REVIEW OF NEPHROLOGY 2019

## Course Description

The Intensive Review of Nephrology course is designed to enhance renal medicine knowledge by offering a comprehensive update; a case-based review of challenging clinical problems; and a review of literature to guide evidence-based practice. This course can also serve to prepare attendees for the ABIM Board Examinations (Certification/Recertification) and offers daily board review question-and-answer practice sessions in each specialty area of nephrology. The program also consists of daily case-based lectures and case-based luncheons covering the most important topics in renal medicine. Throughout the course, emphasis is placed on the practical application of physiological principles to the understanding and management of clinical problems, particularly for board exam preparation.

## Learning Objectives

Upon completion of this course, participants will be able to:

- Summarize current/recommended nephrology guidelines in clinical practice
- Explain the differential diagnosis of complex clinical presentations of patients with renal disorders
- Identify/integrate current therapeutic options for specific renal disorders
- Review and interpret up-to-date literature relevant to clinical practice
- Describe pathophysiological mechanisms as they apply to management of renal disease
- Synthesize teachings to better performance on the ABIM Nephrology certification/recertification examinations

### Cases from Renal Grand Rounds at The Brigham with Catered Lunch

Each day of this program, we invite you to join leading faculty and your colleagues for case discussions and a catered lunch.

*This portion of the program is optional; an additional fee applies. Seating is limited. Due to its popularity, early registration is strongly advised.*

*This course is endorsed by the National Kidney Foundation (NKF) and the American Society of Transplantation (AST)*

### AMERICAN BOARD OF INTERNAL MEDICINE

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 54.25 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC points.

### NURSE PRACTITIONERS and REGISTERED NURSES

For the purpose of recertification, the American Academy of Nurse Practitioners Certification Board and American Nurses Credentialing Center accept *AMA PRA Category 1 Credit™* issued by organizations accredited by the ACCME (Accreditation Council for Continuing Medical Education). We would also suggest that learners check with their state licensing board to ensure they accept reciprocity with *AMA PRA Category 1 Credit™* for re-licensure.

### PHYSICIAN ASSISTANTS

The National Commission on Certification of Physician Assistants (NCCPA) states that *AMA PRA Category 1 Credits™* are acceptable for continuing medical education requirements for recertification. We would also suggest that learners check with their state licensing board to ensure they accept reciprocity with *AMA PRA Category 1 Credit™* for re-licensure.

### CANADIAN ACCREDITATION

The Royal College of Physicians and Surgeons of Canada recognizes conferences and workshops held outside of Canada that are developed by a university, academy, hospital, specialty society or college as accredited group learning activities.

### EUROPEAN ACCREDITATION

Through an agreement between the American Medical Association and the European Union of Medical Specialists, physicians may convert *AMA PRA Category 1 Credit™* to an equivalent number of European CME Credits® (ECMECs®). Information on the process of converting *AMA PRA Category 1 Credits™* to ECMECs® can be found at: [www.eaccme.eu](http://www.eaccme.eu).

### Registration, Payment, Confirmation and Refund Policy

Registrations for Harvard Medical School CME programs are made via our secure online registration system. To register for this course, please visit the course website at [Nephrology.HMSCME.com](http://Nephrology.HMSCME.com).

At the end of the registration process, a \$10 non-refundable processing fee will be added to your registration, and you will have the choice of paying by check, credit card (Visa, MasterCard, or American Express), or wire transfer in USD. If you are paying by check (draft on a United States bank) or by wire transfer, the online registration system will provide you with instructions for remitting your course fees. Postal, telephone, fax, and cash-payment registrations are not accepted. All fees shown in USD.

Upon receipt of your paid registration, an email confirmation will be sent to you. Be sure to include an email address that you check frequently. Your email address is used for critical information, including registration confirmation, evaluation, and certificate. **Please do not make non-refundable travel arrangements until you have received an email from our office confirming your paid registration.** Refunds, less an administrative fee of \$75, will be issued for all cancellations received two weeks prior to the start of the course. Refund requests must be received by email. No refund will be issued should cancellation occur less than two weeks prior. "No shows" are subject to the full course fee and no refunds will be issued once the course has started.
